Subject: Deadline for Fixing the California Baseline
Attachments: CA GPRA Baseline 2014-2018 PERMITS 30Jan2014.xlsx; CA GPRA Baseline 2014-2018 RENEWALS 30Jan2014.xlsx

Dear DTSC,

I received a call from my HQs yesterday and they need us to finish fixing the California Baseline by next week.

The deadline to do all this was Oct 1st, 2013, so we are way late and its effecting what they are able to do nationwide.

They need to run certain reports and the California baseline fixes are holding them up.

Let's have an internal deadline to have it done by COB Wednesday and do an upload on Thursday and check the upload by Friday.

Attached are the Excel files that show what the California baseline 2014-2018 in RCRAInfo.

Please use these files to reflect what you would like the baseline to be.

Thank you,

Mike Zabaneh, P.E.
